

## **AF/A9 Lessons Learned (LL) Corner**

---

Recently released collection reports from Headquarters Air Force A9 Lessons Learned:

### **[Improving Air Force Building Partnerships Practices](#)**

The collection reviewed Building Partnerships guidance, lines of authority, and practices with the objective of getting a better understanding of what actions may be required to strengthen the Air Force Building Partnerships enterprise to better support the Combatant Commander's plan.

### **[Air Liaison Officer \(13LX\) Career Field Effectiveness](#)**

This report focuses on the Airmen, organizations, training, and career path of the 13LX career field, and any potential lessons and secondary effects from the establishment of the Special Tactics Officer (STO)/Combat Rescue Officer (CRO) career fields.

### **[Lessons Learned From Catalytic Events](#)**

A catalytic event is one associated with systemic or cultural blind spots which have the potential to change the course of history for an institution. This report examines how Air Force leaders confronted with a developing catalytic event can develop an effective response.
