SPECIAL BIBLIOGRAPHY SERIES

The Special Bibliography Series provides students, faculty, analysts, and area specialists with comprehensive subject coverage of major topics and geographical areas addressed in the curricula and research programs of the Air University. Compiled and edited by the staff of the Air University Library, each bibliography reflects selected book holdings (including GPO publications); periodical articles; and military and defense document holdings present in the library's collection. The series began in 1953. Since that time, over 1500 individual titles have been published.

This special bibliography on Leadership/Military Leadership was compiled and edited by Joan Hyatt, library staff specialist on Leadership and bibliographic liaison officer to the Ira C. Eaker College for Professional Development.

CONTENTS

The Air University Library Index to Military Periodicals is an excellent source for additional articles on the many aspects of leadership.
