Overview

Develop America's Airmen Today ... for Tomorrow

- Sensation
- Perception
- Beliefs
- Attitudes
- Intentions
- Behavior

Sensation

Develop America's Airmen Today ... for Tomorrow

- Sensation can be defined as ***the passive process of bringing information from the outside world into the body and to the brain.*** The process is passive in the sense that we do not have to be consciously engaging in a "sensing" process.

Perception

Develop America's Airmen Today ... for Tomorrow

- Perception can be defined as ***the active process of selecting, organizing, and interpreting the information brought to the brain by the senses***

Beliefs

Develop America's Airmen Today ... for Tomorrow

- **Beliefs – what people perceive to be true. They may or may not be correct.**
- **Antecedents to beliefs – those conditions that "set the stage" for beliefs to develop**
 - **culture**
 - **community**
 - **past experiences**
 - **family and friends**
 - **individual characteristics**

Attitudes

Develop America's Airmen Today ... for Tomorrow

- **Attitude – a learned predisposition to evaluate and respond in a consistently favorable or unfavorable manner with respect to a given object, person or situation.**
- **Attitudes are the relatively enduring positive or negative feelings about some person, object, or issue.**

Results of Beliefs and Attitudes

Develop America's Airmen Today ... for Tomorrow

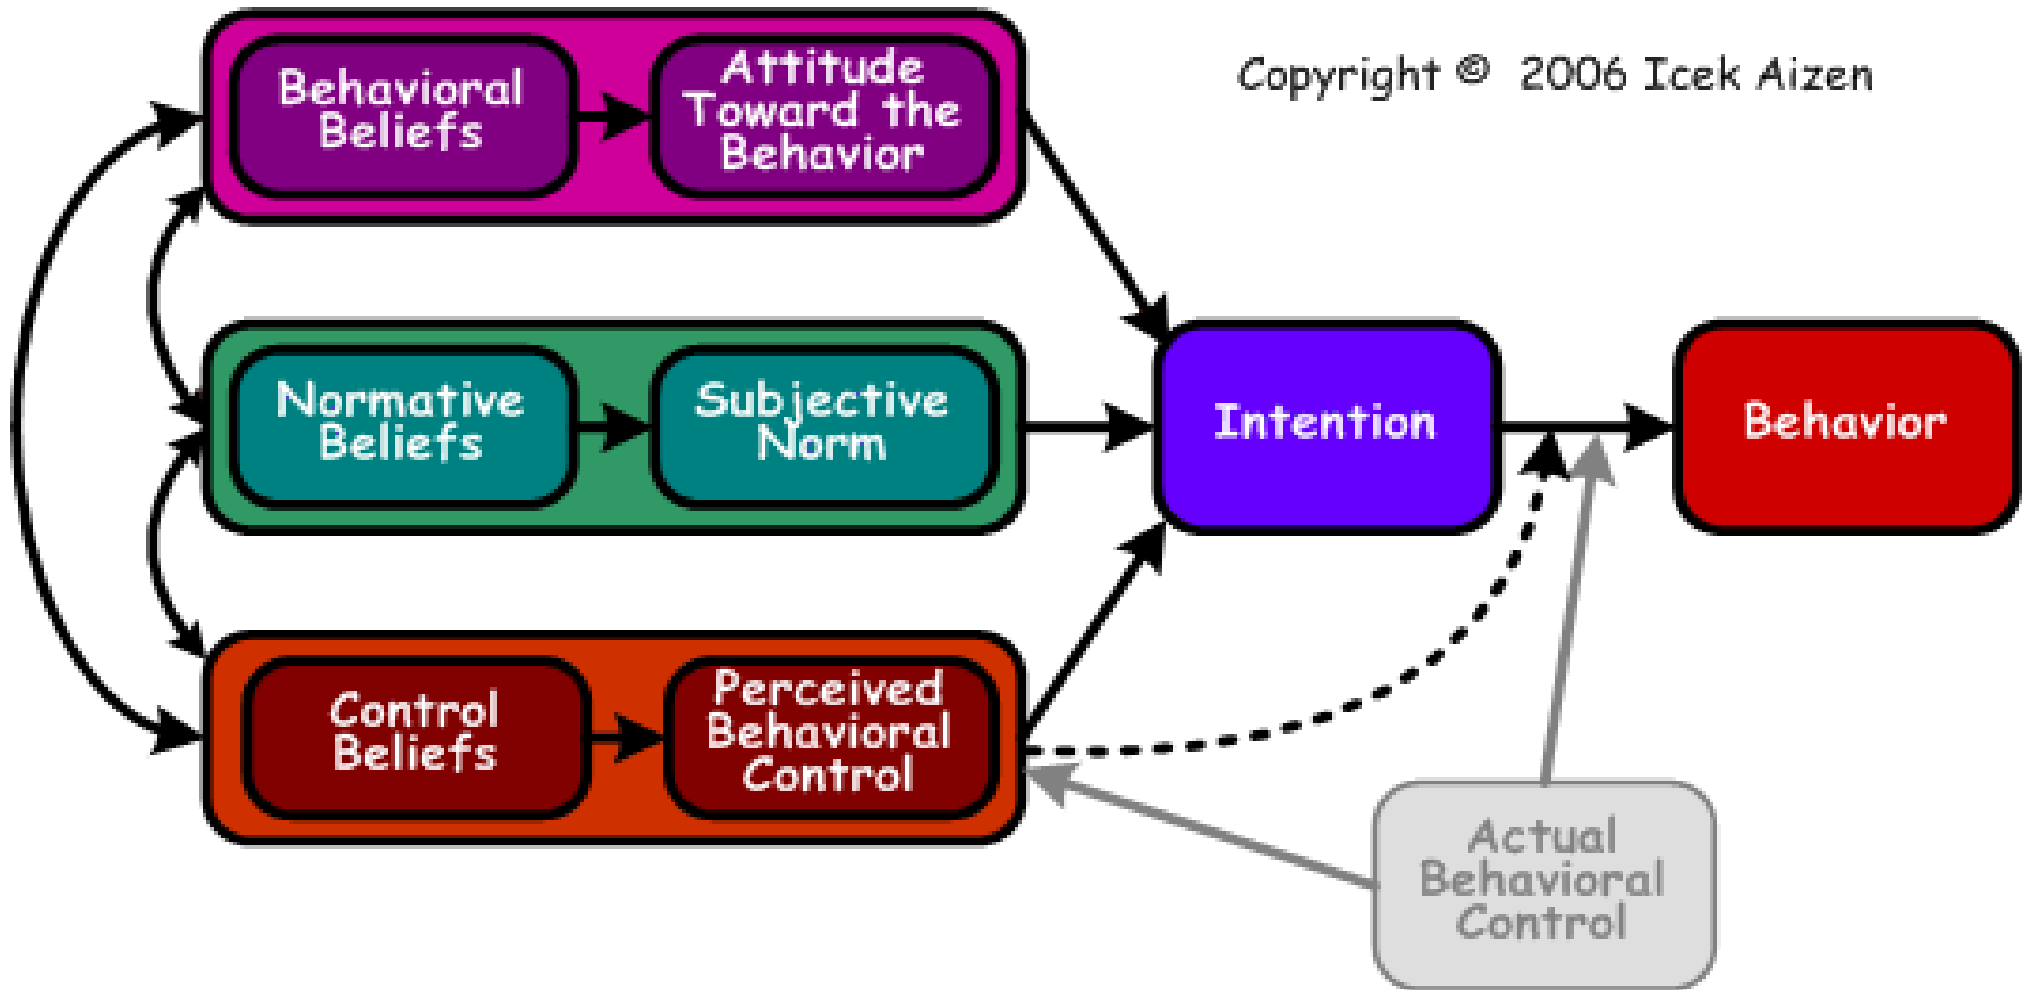

- **Intentions – those behavioral plans individuals make with respect to another person, object or situation.**
- **Behaviors – any observable and measurable act, response, or movement by an individual. The impact of beliefs and attitudes is reflected in people's behaviors.**

Theory of Planned Behavior
